

## Quality Control Visit by University of Wales, Newport

*The University of Wales, Newport's senior academic staff visited AEC on 30 Nov 2009. Quality Assurance is significant to the learning experience and overall student satisfaction. At AEC, we work very closely with our valued partner universities to ensure that our programmes are delivered in accordance to international standards. Towards this end, faculty members from our partner universities visit AEC regularly to perform audit and conduct staff development.*

University of Wales, Newport academic leader and AEC staff outside the library.

Staff from AEC and the University of Wales, Newport exchange ideas and share best practices during the interactive staff development session.
